ABOUT US

Excellence in Customized Turned Components

Prayosha Enterprise is engaged in supply of Precision Turned Components for last 20 years with specialization in advanced Precision Turned Components & Sanitary Parts. Over the years we are continuously improving in development, manufacturing and supply chain to meet each and every precision requirement of our customers. We do have knowledge expert team who are very much enough for each & every spectrum of engineering excellence with our specialized products.

We are contributing in this field since more than 2 last decade' Prayosha Enterprise was established in 2002. Producing Quality products with the quality assurance. We furnish a wide range of Brass Products like Brass Precision Components, Brass Lock Nuts, Brass Cable Gland, Brass Sanitary Parts, Brass Insert etc. Our products are fabricated using the finest quality of raw material acquired from our trusted vendors. We have expertise and ability to meet the market demand with quality standards of international buyer's located globally. We have comprehensive range of brass products. We are also manufacturing customize product as per customer requirements, designs and specifications.

Products

Brass Precision Components
Brass Auto Components
Brass Turned Components
Brass Sanitary Parts
Brass Cable Glands And Accessories
Brass Hot Forged Components
Brass Inserts
Brass Fasteners And Fixings
Brass Valves And Fittings
Brass Water Meter Parts
Brass CNC Machined Components
Ceramic Based Metal Components
Brass Bathroom Fittings & Accessories

Brass Sanitary Fitting Parts
Brass Hardware & Decorative Parts
Earthing Grounding & Bonding Accessories
Brass CNG LPG & PNG Meter Parts
Brass Electronic Parts
Brass Electrical Parts
Brass Knurling Inserts
Brass Round Pins
Brass Fittings
Sheet Metal Parts
Copper Bronze & Gunmetal Components
Stainless Steel Components
Aluminium Components

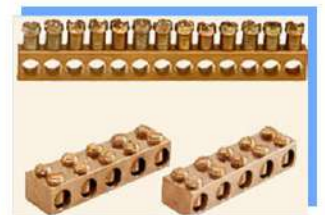

Brass Electrical Components.

We are manufacturing all kind of electrical brass components and electrical wiring accessories for many applications. We produce components as per customer's requirement which change accordingly customer application.

Material :

High Grade Free Cutting Brass
IS 319 Brass Free Cutting
Free Cutting Brass as per BS 249 type (i)
Any special brass material compositions
as per customer's requirement

Threads : ISO metric, MM, PG, BSW, BSP, BSB, BSF, BA, NPT, NPTF, UNC, UNF, UNEF etc Any threads as per customer's design.

Length / Size : Various sizes available as Per Customer Specification.

Finish And Coating : Brass Natural, Electro Tinned, Nickel, Chrome, Led, Silver, Gold, Zinc Blue or any special finish/plating as per customer specifications.

Brass Auto Components

We are manufacturer & supplier complete range of Brass Auto Parts such as Automotive Inserts, Automotive Valve Parts, Precision Turned Auto Parts, Automobile Set Screw, Automobile Fuel Nozzle, Brass Wing nuts, Flat Washer, Brass Banjo Bolts, Automotive Hoses and any kind of Brass Component can be developed as per customer's specifications.

Brass Automotive Components :

We Manufacturer of High Quality Customized Automotive Parts with great precision & Accuracy can be made very effectively by our SPM Machines.

Product Range:

- » Precision Turned Auto Components
- » Temperature sensors Brass Components
- » Brass Inserts for Auto Plastics components
- » Auto Meters Brass Components
- » Automotive Brass Components
- » Automobile Valve Components
- » Auto Brass Bush

Material :

- » IS 319 Brass Free Cutting.
- » As per BS-249 Free Cutting Brass Material.
- » High Grade Free Cutting.
- » Any Special Brass Material Composition on Request.

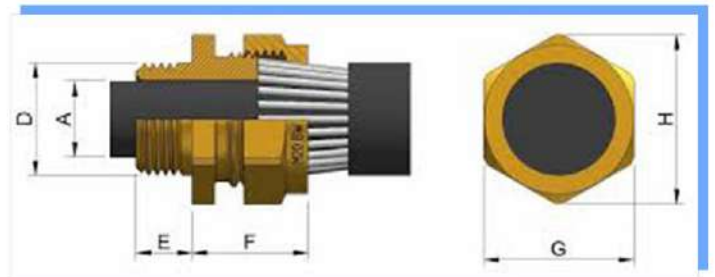

Threads:

- » ISO metric, MM, PG, BSW, BSP, BSB, BSF, BA, NPT, NPTF, UNC, UNF, UNEF etc
- » Any threads as per customer's design

Finish and Coating : Natural, Electro Tinned, Nickel, Chrome, Led, Silver, Gold, Zinc Blue etc

Brass Cable Glands

Throughout the World, Cables requires Glanding, Jointing & Fixing, whether in Hazardous area or Safe Area. We are specialize in manufacturing Flame Proof Industrial Cable Glands covering the wide range of armored and non-armored cable in form of various types like BW, CW, E1W, A1/A2, PG, Marine type etc. After understanding all the critical feature of the glands, we are committed to manufacture safe, leak proof, flameproof and explosion proof glands to avoid all mishaps & prevent any hazards to the health & property.

Key Features:

Cable Glands are produced as per BS 6121 Standard. BW type Cable Glands provide an integral armor clamp for armored cable which provides an electrical bond between the cable armor & the gland. A1/A2 Gland Provides a single pull resistant seal on the outer sheath of an unarmored cable. This Type gland maintains ingress protection of IP66/IP68 to 25 Meters. PG Glands are basically produced as per DIN standard 46320/46255 & available with sprain relief facility with round or hex intermediate sockets. Marine Cable Glands as per JIS standards are basically used for Ship Decks & other marine Applications.

Following types of Brass Cable Glands Available :

Cable Glands - BW2 parts | Cable Glands - CW3 parts | Cable Glands - A1 / A2 |
Cable Glands - E1W | Cable Glands - B/W 4 parts | Cable Glands - C/W 4 parts

All the Cable Glands are available with accessories and Earth Tags :

Material: » Free Cutting Brass IS 319 Type (I) or BS 249 Type (I) or High Grade

» Any Special Brass Material Composition as per customers requirement

Threads : ISO Metric (MM Threads)

Finish And Coating : Natural, Nickle Plated, Tin Plated brass cable glands or any coating as per customer specification.

Brass Sanitary Parts

The Brass Sanitary Parts manufactured by us are made from quality brass materials which ensure durability and quality. Our wide gamut of Brass Sanitary Spare Parts include Brass Tee, Brass Elbow, Brass Union, Brass Socket, Brass Coupling, Brass Bush, Brass Plug, Brass Stop Plug, Brass Adapters, Brass Couplers, Male/Female Pipe Fittings, Hexagonal Reducing Nipple, Stop Plug, Bush, Male/Female Adaptors, Female Connectors and Hose Jointer.

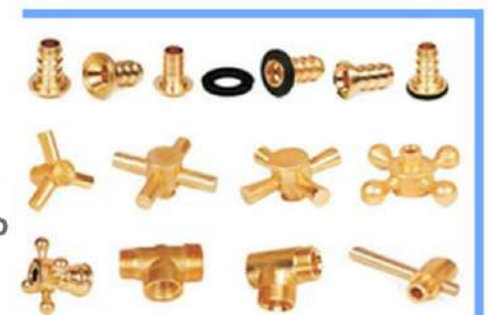

Material :

- » Brass & Stainless Steel Material.
- » Forged, Casted, Machined Type.

Brass Sanitary Fittings Range :

- » Brass Tee, Brass Elbow, Brass Union, Brass Socket, Brass Coupling , Brass Bush, Brass Plug Brass Stop Plug, Brass Adapters, Brass Sanitary fittings, couplers, Male female pipe fittings.

Hexagonal Reducing Nipple, Hexagonal Stop Plug, Reducing Bush, etc.

Male Female Adaptors, male Female Connectors, etc.

Barb fitting for plastic pipe like Male Female Hose End, Hose Jointer, Tee, Elbow.
Any other such item as per customer requirements.

Finish : The full range of compression & flare fitting Brass Sanitary fittings are used for all types of Brass Pipes, Copper Pipes, Plastic Pipes, etc.

Brass Turned Components

We offer Brass Machined parts and Component to user drawings and prints. We specialize in machined Brass Component, Brass Turned Component, small big cast machined brass Component. Cast brass Component, Forged brass Component, Stamped brass Component from miniature 1mm to 200mm.

Features :

We offer Brass Machined parts and Component to user drawings and prints. We specialize in machined Brass Component, Brass Turned Component, small big cast machined brass Component. Cast brass Component, Forged brass Component, Stamped brass Component from miniature 1mm to 200mm.

Special Brass Turned Parts :

We shall be pleased to develop Non-Standard Brass machined Component, nuts, screws, studs, fixings wood screws, machine screws, fasteners as per specific requirements.

Material : » Free cutting Brass 319 type or BS 249 type
» Any special Brass Composition as per customers requirement.

Threads : » ISO Metric (MM Threads)
» BA Threads
» BSW Threads (inches)
» BSW Threads
» UNC & UNF Threads
» UNEF Thread

Length / Size : 2mm, 3mm, 4mm, 5mm, 6mm, 8mm, 10mm, 12mm, 16mm, 20mm, 25mm, 32mm, 1/8", 5/32", 3/16", 1/4", 5/16", 3/8", 1/2", 5/8", 3/4", 1", 1 1/8", 1 1/4", 1 1/2", 1 3/4", 2".

Finish And Coating : Brass natural, Electro-Tinned, Nickel etc.

Brass Forged Components

We Manufactures Brass Forgings Parts for various Industries, These Products are supplied regularly to the National and International Customers, We Provide Various type of the Brass forged components, those are used in the Agricultural Equipments, Automotive Parts, Water & Valve Fittings, Electrical & Electronics Parts.

Why use Forging ?

The forging process can create parts that are stronger than those manufactured by any other Metalworking process. This is why forgings are almost always used where reliability and human safety are critical.

Range :

» From 0.05 kg to 10.00 kg - Single Piece

Materials :

- » Forging Brass As Per BS 218
- » Any Special Brass Material Composition As Per Customers Requirements

Threads :

» ISO Metric MM, PG, BSW, BSP, BSB, BSF, BA, NPT, NPTF, UNC, UNF, UNEF etc
Almost any threads as per custom specification

Plating : Natural, Nickle Plated, Tin Plated special brass forged parts or any coating as per customer specification.

Brass Inserts

We are manufacturing the round knurled inserts, hexagonal inserts and square inserts as per custom design. The inserts are available with diamond, straight or unidirectional Knurling.

Special Features of Brass Inserts :

- » Threads as per International Go & Not Go Standards.
- » Deep Groove for maximum Pull Out Resistance.
- » Inner Diameter (I/D) after Threads with very close tolerance to prevent unnecessary flush to enter into the brass inserts.

» Knurling Available: » Diamond » Straight » Unidirectional » Both blind and through brass inserts are available with no minimum Qty.

Also Available:

- » Brass Round Knurled Inserts
- » Brass Hexagonal Inserts
- » Brass Square Inserts

Material :

- » Free Cutting Brass IS 319 Type (I) or BS 249 Type (I) or High Grade
- » Any Special Brass Material Composition as per customers requirement.

Threads :

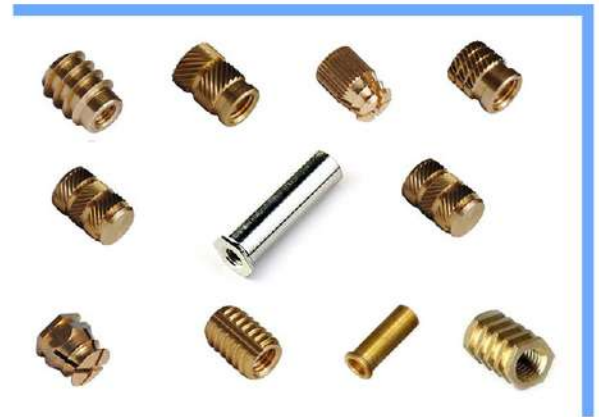

- » ISO Metric (MM Threads)
- » BA, BSW (Inches), UNC, UNF or
- » Any as per custom design

Length / Size :

Begins from M2 or equivalent threads and up to any size as per custom design or requirement.

Finish And Coating :

Natural, Nickle Plated, Tin Plated brass inserts or any coating as per customer specification.

Quality Assurance

Committed To Quality. Committed To You.

Our target is to provide zero defects products to client which is remarkable in industry. To meet the global demand we take care at every stage right from raw material purchase to finished goods. Our quality assurance team is trained and well experienced. To

achieve the maximum standard our quality control team continuously monitors the products and user requirement right from the production stage up to the final dispatch. Due to strict quality control procedures our customers are ensured that their requirements are met accurately and consistency each & every piece is inspected under strict quality control manuals.

QUALITY CONTROL

We have an efficient quality control system in place. Quality control begins by checking raw materials for compliance with specifications.

Standard

Our quality control system and its data's are regularly audited by our Management & External Auditors We can make the products as per different International standards and specification.

Training

It is the all time practice of the company to train the entire staff at regular interval to keep update to strength of the company to produce the excellent quality of the product that meets the highest level of the customer satisfaction as all the time.

Calibration

Each and every Instrument and Gauges are periodically calibrated, to ensure integrity of measurement preventive.

Maintenance

Company had documented procedure to conduct the preventive of each and every machinery and instruments.

Quality Equipments :

Profile Projector & Hardness Tester

Outside Micrometer (Up to 100mm) & Inside Micrometer (in mm)

Depth Micrometer & Point Micrometer

Vernier Calliper (in inch as well as mm.)

Vernier Height Gauge

Thread Plug Gauge And Ring Gauges

Special Snap Gauges & Dial Guages

To find the best export Solution for the customer's particular requirement which results into the creation of long standing commercial relationships built on mutual trust and understanding.

Prayosha Enterprise group's renowned reputation ensures the clients that they receive only the best quality product at the most competitive price, and constantly adapting to customer requirements.

Infrastructure :

The state-of-the-art infrastructure we have at Prayosha Enterprise Brass is equipped with all the required advanced equipment and sophisticated machinery that help in boosting the productivity and quality. Our facility is upgraded on a regular basis, for staying ahead in the race to become the market leader. We have divided the facility into a number of units, for the purpose of achieving smoother and hassle free operations. These units function individually and work in coordination for ensuring streamlined operations.
